Prayer Additions:

Michele Hosbach – Dennis, MaryAnn, Tyler, Wan – health issues
Betty Jean Gunton – praise the Lord her family in Florida are safe – continue to pray for all affected
Shelby Torres – focus and clarity in business; continual progress in health and healing; Louise Mitchell – stroke; family to come to know God as she does
Jan Schiller – Joe had a minor stroke and is at home recuperating
Alexis Becker – Deb Mutchler's 3rd cousin – is 4 years old and has AVM which is a disease concerning blood vessels in the brain. She is not doing well – having seizure after seizure and they don't know how to treat it.

Please pray for the extended family of the Beckers/Mutchlers. They received news today that their cousin Allan who lives in Florida passed away suddenly. He was 62 years old and knows the Lord as his Savior. Also their third cousin Alexis who will be 4 years old next month is in critical condition at Cincinnati Children's Hospital. She has a disease called AVM which has to do with blood vessels in the brain. She has had many seizures and underwent a procedure this morning to help with them. During the procedure she had a Grand mal seizure and is now in a medically induced coma to help her body recover. Please pray for all of the family members.
